Hangers Style 124 linear fluorescent

Ordering information for lighting the ceiling:

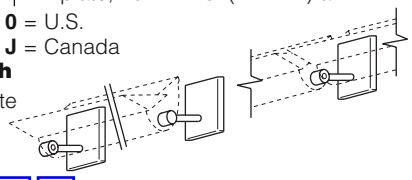
Hangers include mounting plate, cover, 7/8" (22mm) O.D. tubular stem/arm and hub. End kit includes one electrical feed end hub and one non-electrical end hub. Intermediate hanger includes single non-electrical joiner hub.

Note: Electrical feed must be located at an end of row.

For individually mounted luminaire, order one **end kit**. For a continuous row, order one **end kit** and one **intermediate** hanger for each additional luminaire in the row. Example: two rows of four reflectors requires 2 end kits and 6 intermediate hangers.

HC ☐ ☐ **00** ☐ = **Surface** hanger with mounting plate, nom. 4.75" (121mm) arm

- ☐ **0** = U.S. / **J** = Canada
- **5 Finish**
- ☐ **A** = Intermediate / **B** = End kit



HC ☐ ☐ ☐ ☐ = **Pendant** hanger with mounting plate

- ☐ **0** = U.S. / **J** = Canada
- **Length**, in inches, up to 60" (1.5m)
- **5 Finish**
- **F** = Intermediate / **G** = End kit
