Outdoor Linear
Wall Washer

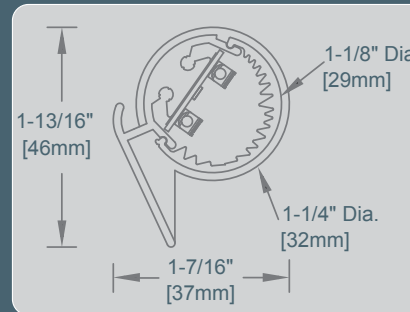

elliptipar[®] tambient[®] electriX[®] MEYER[®]

thelightingquotient.com

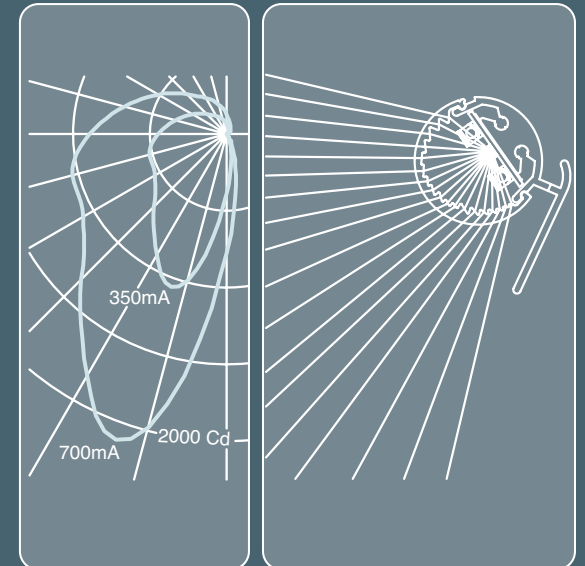

- **High Performance Outdoor architectural linear wall washer**
- **High efficacy** - up to 122 lumens per watt
- **Delivered lumens** - up to 1548 lm/ft
- **Excellent lumen maintenance** - maintains over 90% light output beyond 60,000 hours per TM-21
- **Proprietary refractive lens technology** shapes the light to suit the application
- **Precise optical control** ensures virtually all of the light is delivered to the target surface
- **Choice of 3000, 3500 or 4000K in 80+CRI.** Other CCT and CRI options available.
- **Universal voltage** - 120-277V or 347V drivers
- **Minimalist design** - 1-1/8" diameter housing
- **Miniature hubs** feature fully adjustable and lockable aiming
- **Extruded aluminum housing** in lengths up to 6ft
- **Integrated visor** to shield lens brightness from normal viewing angles
- **Optional cross baffle** provides shielding along the length of the luminaire
- **Surface, pendant or cantilever mounting options**
- **Aluminum and stainless steel construction**
- **CSA certified**, suitable for wet locations
- **IP66 and IP67 dual ratings**

Driver (mA)	Lumens* per Foot	Watts per Foot
175	400	3.4
350	783	6.8
700	1518	13.5

* Delivered lumens are based on 3500K/80+CRI LEDs.
